Introduction

This plan sets out our academy's business continuity management and emergency response arrangements and helps us be prepared for, and recover from, unexpected disruptions.

Disruptions are part of everyday academy life and most are dealt with as 'business as usual.' This plan set out how we will deal with the more serious incidents that affect our critical activities.

A Business Impact Assessment has been undertaken to identify our critical activities and the measures we have put in place to mitigate the effects of disruptions. See the table overleaf.

It is not possible, or desirable, to write a plan for every possible disruption. No matter what the *cause* of the incident, the *effect* can generally be summarised as:

- An inability to carry out daily and/or critical activities
- Loss of life or serious injury to academy staff and students/pupils or members of the public
- Loss of building, or part of building or access to the building
- Adverse publicity and/or reputational impacts
- Loss of ICT
- Loss/shortage of staff
- Loss of critical supplier or partner

This plan will be activated in the event of a critical incident or an emergency i.e. when an incident occurs that impact on the delivery of our critical activities and when normal responses, procedures and coping strategies are deemed insufficient to deal with the effects.

This plan is complementary to, and is not a replacement for, the Critical Incident 'Red Book' procedures and 'Green Book' guidelines which deal with psychological impacts.

The plan should be read in conjunction with the County Council Data Protection Policy, Business Continuity Policy and Records Management Policy.

The procedures and critical activities have been discussed and agreed by the academy's Senior Management Team.

A log book must be kept with this plan at all times.

Please note if your academy is subject to any particular risk, e.g. flooding, or is within the Public Information Zone of a COMAH site.

Some critical incidents can reasonably be described as emergencies. The terms are used interchangeably throughout this document – please pick whichever terminology you prefer and be consistent throughout in your finished plan.

Our Critical Activities

The academy's critical activities, as detailed below, take priority for recovery following an incident because these activities, if not completed for any reason, would cause the greatest impact on the academy community in the shortest time.

Include here the Critical Activities from your Business Impact Analysis, Section 4 - Requirements. Write here the date of any workshops completed to build your critical activities table and when the when the BIA was agreed.

Incident Management Structure

This section of the plan includes generic roles and responsibilities for staff during the initial response to an emergency, during the ongoing response and in the recovery phase.

Unless the incident is minor, it will be impossible for the Head Teacher (or their deputy) to implement all the actions required on behalf of the academy.

A Senior Emergency Management Team (SEMT) will be established at the onset of an incident to assist the Head Teacher in managing the response.

Action Cards for each role are in Appendix 3.

The size of an SEMT will vary depending on the size of your academy and the nature of the emergency. In some cases more than one member of staff will need to be assigned to a role (such as 'welfare' which can prove especially labour intensive).

It may not always be possible to nominate a full SEMT; in such a situation employees will have to undertake more than one role. In smaller academies the majority of responsibilities may be assigned to the Head Teacher with the support of office staff and the site manager / caretaker. In these circumstances it is particularly useful to call for additional support (e.g. from the local authority) as soon as possible.

When assigning staff to SEMT roles the immediately obvious choice may not always be most appropriate; consider the strengths of your staff and what they would be most suited to doing. The employee who updates the academy website and contacts parents / carers on a regular basis may be the best person to undertake the 'communications' role. The site manager / caretaker is often well placed to undertake the 'resources' role due to their detailed knowledge of the academy premises.

Employees who have other roles in an emergency (such as those trained in first aid) may not be appropriate to nominate as part of the SEMT as this could prevent them fulfilling their other responsibilities.

Staff not within the SEMT still have a crucial role in the response to an emergency; their presence will be needed to reassure pupils and minimise disruption to the academy routine. They may also be required to provide assistance in other ways, such as accompanying pupils to hospital.

Please note the structure may not suit your academy as it stands – especially if you are a small academy. It may be that you need fewer levels, or smaller groups, please adapt it to suit.

Level One (Strategic) - The Senior Emergency Management Team

Senior Emergency Management Team (SEMT)		
Name	Position	Role in an Incident
	Head Teacher	
	Deputy Head Teacher	
	Chair of Governors	
	Vice Chair of Governors	
	Business Manager	

	Pastoral care lead	

Complete the table highlighting which contact will take overall responsibility for managing an incident and which will be the main liaison point for the co-ordinating group (see below). Please adapt the Roles in an incident as appropriate for your team. Roles allocated should include:

- Co-ordination (likely to be the Head Teacher or pre-agreed nominee)
- Communications (e.g. Emergency Services Liaison, Children’s Services Liaison)
- Media management
- Resources
- Welfare
- Business continuity
- Log-keeping.

The SEMT is responsible for:

- Long term strategy
- Funding issues
- Providing adequate resources
- Press and media liaison
- Communicating with relevant bodies
- Liaising with Co-ordinating group (below)

Level Two (Tactical) – The Co-ordinating Group

Where necessary, the SEMT (above) will create a Coordinating Group including the following:

Co-ordinating Group	
Name	Position
	Representative from the SEMT
	Department Heads
	Children’s Services staff
	St. Benet’s Communications Officer
	St. Benet’s Risk and Insurance Manager
	St. Benet’s Chief Operations Officer
	Incident Recorder

The Co-ordinating Group is responsible for:

- General management and coordination
- Liaison with Emergency Services, St. Benet's MAT
- Endorsing the approach of the operational group (below)
- Keeping a detailed log of the incident
- Presenting options to the SEMT

When this plan is invoked, all staff must be notified as soon as possible.

Level Three (Operational) – The Operational Group

The operational group - those 'on the ground' will:

- Assist with recovery of the academy
- Communicate to and from Incident Management and Co-ordinating groups

The Operational Group might include teachers, teaching assistants, emergency services staff (if relevant) and estates staff.

The appendices to this document comprise our Incident Management Plan.

Appendix 1 – Notification of Incident & Initial Action

A1.1 Notification of Incident

Information about an incident may come from a number of sources (e.g. member of staff, pupil, parent / carer, member of the public, the emergency services, the local authority). Whoever receives the alert should ask for, and record, as much information as possible.

- + **Maintain a written record of your actions using this form and a log book. You may wish to record any new contact details in section 1.**
- + **Offer reassurance and support. Be aware that all those involved in the incident (both directly and indirectly) may be suffering from shock or may panic.**
- + **Find out what has happened. Obtain as clear a picture as you can.**
- + **Discuss with the informant what action needs to be taken and by whom.**

A1.2 Initial action

Immediately inform the Head Teacher or nominated emergency contact. If neither is able to respond (they may be involved in the incident) the senior person present should follow the instructions below.

- **Assess the situation and establish a basic overview of the incident.**
- **Take immediate action to safeguard pupils, staff and visitors.**
- **Attend to any casualties and administer first aid, if appropriate.**
- **If appropriate, dial 999 for the emergency services and provide them with an overview of the situation. If in doubt, dial 999.**

The emergency services notify each other of incidents but consider speaking directly to each organisation required. This will ensure that each service has the information they need to respond appropriately.

These contact details should only be used in an emergency. Do not give them to the media, pupils, parents / carers or members of the public.

- **Fetch any equipment that may prove useful (e.g. first aid kit, grab bag).**
- **Log all communications and actions.**
- **Notify academy staff. Consider assembling a Academy Emergency Management Team (SEMT) to assist with the response.**
- **Refer to the list of emergency contact numbers for additional support if required.**
- **Where possible, avoid closing the academy and try to maintain normal routines.**

Appendix 12 - Media Considerations

Our Media lead and Spokesperson is [insert name here]

Our Deputy Media lead and Spokesperson is [insert name here]

The room designated for media briefings and press personnel is [insert venue here]

Our alternate room is [insert venue here: offsite if possible]

Templates for press holding and pupil and parent briefings are kept [insert location]

The academy has agreed the following guidelines in the event of an incident.

General advice/before the St. Benet's MAT representative arrives [if applicable – please note that the media support service is offered to academies on an annual or hourly basis]

- No member of staff will talk to journalists alone. Rather, they will be accompanied by a colleague who can note what is said.
- Staff talking to the press will provide nothing more or less than the facts.
- Staff will provide a prepared statement rather than an interview.
- A later time to undertake an interview/issue a further statement will be arranged and this will be honoured.
- Personal information will not be released.
- No blame will be apportioned.

Other than the head teacher and media lead/spokesperson the rest of the Senior Incident Management Team will not be directly involved in media communications

The academy have agreed a template media holding statement, which can be used in the initial stages of an incident, until the St. Benet's MAT representative arrives. This will be followed up with a more detailed statement as soon as possible.

Additionally, a template briefing for staff and parents has been agreed with staff. Both of these will be amended to suit the situation.

In the event of a major incident the academy will hold media briefings in cooperation with external agencies involved to keep the media updated. These briefings will be organised by the Incident Management Team and fronted by the academy spokesperson.

Factual news releases may also be issued to support the process of informing members of the public with a direct interest in the incident.

Advice: The reason for the rest of the Incident Management team getting less involved with the media is to ensure that they have time and space to take an overall strategic view of the incident as a whole.

In general, it is useful for the spokesperson to already have a good understanding of the incident and experience dealing with the media. The spokesperson role should be his or her top priority for the duration of the incident. The deputy will also need to be briefed in case the lead is unavailable.

Appendix 13 - Sample Staff and Parent Briefing

Below is a sample staff and parent briefing statement, this should be amended to reflect the type of incident.

You will be aware of the recent incident that has affected our academy. We are currently working closely with the Trust to ensure that disruption is kept to the minimum possible. However, as you will appreciate, it will be a while before we are back to normal. For the immediate future we have made the following arrangements, which will come into effect from *[INSERT DATE]*.

As from today we will be using *[INSERT LOCATION]* as the academy office:

Please note that our contact numbers are:

[INSERT TELEPHONE NUMBER]
[INSERT FAX NUMBER]

You will, no doubt, hear all sorts of information from various sources. Any information not provided by the academy or the Trust must be treated with considerable caution. We will provide updated information as frequently as possible both via the board at the entrance to the academy and a weekly update letter to every family.

Thank you for your support and understanding in what has been a difficult time for all of us.

Yours sincerely,

Head Teacher

Appendix 16 - ICT Back Up

It is essential to maintain suitable ICT back up arrangements in order to prepare for, and recover from, any loss of information.

[Insert name here] is responsible for regular ICT back ups

Please describe here your back up procedures. Include how information is backed up, what information is included, how often it is saved, where it is stored and how information would be restored.

Advice: where the loss of information would cause difficulties for the academy, consider holding copies off site.

Paper Records/Exam Papers etc

Some records may still be recorded on paper, including some coursework or written/oral exam papers.

[Insert name here] is responsible for maintaining paper records

[Insert name here (if different)] is responsible for examination/coursework procedures
